

Handwritten text in Persian script, appearing to be a list or index of documents. The text is written in a cursive style and is oriented vertically on the page. It contains several lines of text, including what appears to be a title or header at the top, followed by several entries. The entries seem to be organized in a structured manner, possibly with columns for different pieces of information. The text is somewhat faded and difficult to read in some places due to the quality of the scan.
